The Connector Mentoring Program Q2 Cohort Sign Up

The Connector Mentoring Program is cross-functional by design — your match will likely be outside your team, and that's intentional. Most pairs meet 4–5 times over ~5 months, with a total commitment of around 6–10 hours. We match on quality, not quantity, so places are limited. If we can't match you this round, we'll let you know and keep you informed for the next cohort

To match you well, we need to understand what you want to work on and why it matters to you right now. Be as specific as you can — the more concrete your answers, the better your match. If your goal isn't fully formed yet, that's fine. **Come as you are.** ❤️ 👌

7

What capabilities do you want to develop? Write them in your own words — be as specific as possible. Instead of writing 'communication', tell us what kind: e.g. presenting to senior leaders, writing clear async decisions, having difficult conversations. You can list more than one. *

Maybe next time?

Thank you - based on your answers, we won't move forward with this cohort application.
This cohort requires aligned expectations (mentoring vs line management) and a minimum commitment of ~6–10 hours over ~5 months to ensure matches are fair and effective.
If you'd like, you can still take a next step today:

- Book time with your manager to set a short-term skill goal https://app.glean.com/chat/agents/a342601f078e47efaf87a14b506b8f96
- What else can I do apart from Mentoring? https://mews.atlassian.net/wiki/x/HoSkX
- Use a goal-setting template and reapply next cohort

Thanks again, we'll share the next cohort timing when applications reopen.
